Subscribers to the Real Estate Analyst Service in 1963 received, in addition to the bulletins listed above, the annual large chart, Factors Affecting the Outlook for Real Estate in 1963, published in May, and supplementary pages updating the Residential Appraisal Manual, published in November. These publications are not included in the index.

Analyst subscribers who find omissions in their bulletin sequence are invited to write for an additional copy of missing numbers. This service is provided without charge and as long as supplies last.
